PROFESSIONAL SUMMARY

Versatile and technical **2D Animator, Motion Designer, and VFX Artist** with over 15 years of experience delivering high-end post-production solutions for global brands, streaming platforms, and independent media. Proven expertise across the entire creative pipeline—from initial storyboarding and character animation to AI-assisted workflows, complex green screen compositing, and advanced particle effects. Adept at leading post-production teams and collaborating with international creative directors to deliver dynamic, award-winning visual content on tight deadlines.

TECHNICAL SKILLS

- **Animation, Motion & VFX softwares:** Adobe After Effects, Adobe Animate, Spline, IA Tools, Unity
- **Design & Editing softwares:** Adobe Photoshop, Adobe Illustrator, Premiere Pro, DaVinci Resolve
- **Areas of Expertise:** Motion Graphics & Kinetic Typography, 2D Character Animation, VFX Compositing, Rotoscoping & Keying, Particle Effects, Storyboarding, Color Grading

PROFESSIONAL EXPERIENCE

Queen's Post Production Company | Turkey

2D Animation, Motion Graphics & VFX Artist / Editor | Dec 2024 – Present

- Design and produce high-impact 2D animations, motion graphics, and character animations for **DISNEY Plus** promotional content and trailer integrations.
- Execute visual effects compositing on raw footage in Adobe After Effects to deliver broadcast-ready trailers and social media advertising campaigns.

ORDERINBOX | Canada

2D Animator & Motion Designer | Apr 2022 – Oct 2022

- Developed end-to-end motion graphics, commercial ads, and promotional social media assets using After Effects and Premiere Pro.
- Collaborated closely with cross-functional creative teams and directors from concept and storyboarding through to final delivery.

Popilight | United Kingdom

2D Animation & VFX Executive Director | Sep 2020 – Jun 2021

- Directed and produced high-quality 2D character animations and promotional video content for internal brand marketing.
- Executed VFX compositing—including explosion, magic, light, and particle effects—on raw footage using After Effects and Premiere Pro.
- Led in-house and freelance creative teams through storyboarding, asset creation, and final mastering.

Cultic Games | Turkey

2D Animation & Motion Graphics Specialist | Mar 2015 – Sep 2017

- Created optimized 2D animations, visual effects, and cinematic storytelling sequences in After Effects for direct integration into the Unity game engine.
- Produced marketing assets and promotional trailers for international video game campaigns published on global platforms, including **Steam** and **Kickstarter**.

VAYBEE Production | Turkey

2D Animation Director, VFX Executive Director & Post-Production Lead | Dec 2010 – Nov 2019

- Produced and implemented high-quality 2D animations and visual effects for commercial and promotional films across top advertising agencies, notably Manajans JWT.

- Organized and led a 5-person post-production team for nearly 10 years, collaborating with directors and creative teams from top agencies representing global brands to produce numerous award-winning commercials, music videos, and promotional films

MOJO Visual FX & Animation | Turkey

2D Animation & VFX Artist | Sep 2007 – Oct 2010

- Produced high-end 2D animated sequences and visual effects for commercials, promotional videos, and music clips.
- Executed compositing and particle/light effect integrations on raw footage using After Effects.

Independent / Freelance Projects

Visual Effects & Animation Designer | Sep 2007 – Present

- Produced custom 2D animations, motion graphics, and visual effects content for a diverse client portfolio of top-tier global brands, including **Coca-Cola, Allianz, Disney+, Pegasus, AXE, Grolsch, Bosch, Ford, Shell, Samsung, Turkcell, and Beymen.**
- Deliver bespoke 2D animations, motion graphics, and VFX sequences for indie game developers, recording artists, and corporate clients worldwide.
- Professionally manage client revisions, project timelines, and deliver high-impact visual assets on schedule.
- Contributed creative and post-production expertise to hundreds of projects across feature films, documentaries, music videos, and commercial media.
